

HVAC Service Technicians & Installation Mechanics

39 Everett Dr., Princeton Junction, NJ 08550

Since 1971, Princeton Air Conditioning has been providing the Central NJ and South Eastern, PA areas with heating, ventilation, and air conditioning services - with additional focuses on plumbing, maintenance, repairs, and new equipment installations - as well as other important needs such as insulation, air sealing, geothermal, and solar solutions. They currently have more than 50 employees who are trained in customer service and the latest equipment technologies. We are a growing, family owned and operated company with many opportunities for many different people. Princeton Air Conditioning is a financially stable company, assuring you a stable and successful job for the future.

We are looking to expand our Service & Installation departments and are in need of experienced HVAC Service Technicians & Installation Mechanics. This is a full-time position that does require some flexibility in hours due to increased work load in extreme weather. If you enjoy a diversified atmosphere and have at least three (3) years of experience with some technical training and a valid driver's license with a good driving record this may be the job for you. Princeton Air does require drug and background screening.

Princeton Air's Core Values:

- Thirst For Knowledge
- Whatever It Takes
- Embraces Change
- Relentlessly Positive
- Eager To Serve
- No Jerks

Compensation: \$11.50 - \$35 per hour depending on your level of experience.

Employment Type: Full-Time
